## **TOWN WARRANT**

1979

To the inhabitants of the Town of Albany, County of Carroll,  
State of New Hampshire, Qualified to Vote in Town Affairs:

You are hereby notified to meet at the Town Hall at Albany, New Hampshire, on Tuesday, the 13th day of March, 1979, at 10 o'clock in the forenoon to act upon the following subjects hereinafter set forth. Voting on Article 1 will be by official ballot and the polls shall be opened for balloting at 10 o'clock in the forenoon or as soon thereafter as the Moderator calls the Meeting to order and declares a quorum present and shall not close before 6 o'clock in the evening. The remaining Articles of the Warrant shall be acted upon at 7 o'clock in the evening or at the closing of the polls if the Meeting shall vote to keep the polls open to a later hour.

### **GENERAL GOVERNMENT**

Article 1. To elect all necessary officers including road agent for the ensuing year.

Article 2. To hear the report of the Selectmen for the year 1978.

Article 3. To see if the Town will vote to raise and appropriate the sum of \$4,550.00 for Town Officers' Salaries.

Article 4. To see if the Town will vote to raise and appropriate the sum of \$3,125.00 for Town Officers' Expenses.

Article 5. To see if the Town will vote to raise and appropriate the sum of \$2,600.00 for Town Buildings Expenses.

Article 6. To see if the Town will vote to raise and appropriate the sum of \$400.00 for Election and Registration.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$500.00 for perambulation of Town Lines.

Article 8. To see if the Town will vote to authorize the Selectmen to contract the State of New Hampshire to reassess the Town, and to create a Capital Reserve Fund with an appropriation of \$6,000.00 for the year 1979.

Article 9. To see if the Town will vote to establish a Planning Board of seven (7) members, appointed by the Selectmen, with duties as set forth in Chapter 36, sections 1-15, RSA revised 1955, and to appropriate \$200.00 for the Planning Board.

### **PROTECTION OF PERSONS AND PROPERTY**

Article 10. To see if the Town will vote to raise and appropriate the sum of \$400.00 for Police Protection.

Article 11. To see if the Town will vote to raise and appropriate the sum of \$4,500.00 for the Fire Department and Rescue.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$200.00 to enforce the Dog Leash Ordinance.

Permits to install system (septic) .....	4
Permits to enlarge tank or leach bed .....	4

There should be regulations regarding location of lots and no lot less than 1 acre shall have water and sewage disposal on the same lot. This is a State Law now but better enforced with a local regulation and then the State cannot interfere. I have suggested this before and sooner or later something will happen and the Town will be left out.

Signed: Burton Blaisdell

Health Officer

# **REPORT OF DISTRICT FOREST FIRE CHIEF**

## **AND YOUR FOREST FIRE WARDEN**

For more than 80 years, a cooperative effort between the State of New Hampshire and local forest fire authorities has created a forest fire prevention and suppression program that is recognized as superior throughout the United States.

Since the first forest fire laws were written in 1895, the state and local community governments have worked together to prevent and combat forest fires.

Today, 249 forest fire wardens and more than 1,800 deputy wardens are appointed every three years by the State Forester to work with the members of the State Forest Fire staff in this effort. State funds are used to pay one-half the cost of forest fire suppression costs incurred by local forest fire organizations, within pay rates established by the Governor and Council. State funds matched by local funds are used to purchase hand tools to suppress forest fires, to train local forest fire crews and in forest fire prevention work.

All outside burning, when the ground is not covered with snow, is permitted only after obtaining a written fire permit from your local Forest Fire Warden. Penalty for burning without a permit when one is required is a misdemeanor punishable by a fine up to \$1,000 or a jail term of up to one year or both.

**REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!**

### **1978 Forest Fire Statistics**

# ALBANY CEMETERY ASSOCIATION REPORT

## 1978

Drawings and specifications for the authorized improvements to the Hammond Cemetery on Drake Hill are complete and ready for bids. Construction should be completed by June.

Land acquisition for enlarging the Passaconaway, Jewell, and Canada Street cemeteries should be complete by July. At present we believe this will be done at no cost to the town. These acquisitions became necessary due to requests from families of residents that have recently died that would like to have lots in cemeteries closer to their loved areas.

For the last few years we have been looking for the records of the fine work done about 15 years ago on researching Albany cemeteries. We would appreciate any information you can give us. Our new fireproof files are being used as a central file on all information we can gather.

Richard G. Bergstrom  
Chairman

Stephen Knox, Clerk-Secretary  
Judith Loring, Treasurer

## **SUPERINTENDENTS' REPORT**

by Robert B. Kautz and David Stickney

This past year has been one characterized by a great deal of activity and accomplishment within the Supervisory Union and your own schools. All of this enables children to be better served educationally.

Certainly, school construction has been one of the major undertakings. The Conway Building Project is still continuing. The elementary school additions have been completed, and the anticipated completion date for the A. Crosby Kennett High School Project is mid-April, 1979. At this time, much of the renovation work within the existing building has been completed. Also, the new gymnasium is being utilized. The remainder of the gymnasium building (lobby, locker rooms and music areas) and the junior high wing is nearing completion. At this time, the preliminary work on the new Vocational Education wing is well along. The foundations for this have been completed, and this state-funded project should be completed by the spring of 1980, bringing to a close the Phase I and II of the Conway building program. The result will be a modern, comprehensive high school able to meet the varied needs of today's high school students and able to be used by the whole community.

In Tamworth the addition to the Kenneth A. Brett School is nearing completion. This addition will provide office space for the principal and nurse, plus space for the primary grades and the special education program. This project has been funded by the federal Economic Development Act Program and additional monies voted by the Town.

Building projects in Bartlett and Madison have been studied this past year and will result in a bond issue question to the voters at the next school district meetings. Bartlett's proposed program includes a multi-purpose gymnasium/cafeteria, new junior high classrooms, tutorial space, library and offices. This proposal was developed by a School Board appointed School Facility Study Committee. In Madison a proposal for a multi-purpose area and two classrooms will be considered. This addition to the existing school will provide adequate classroom space as well as an area for large group utilization in physical education assemblies and other such uses. Freedom has also had a Study Committee on school facilities which has made a number of recommendations for improvements to the existing facility. In addition to school facility activities, much time has been spent on the important area — educational programs.

In the area of special education, the plan for educating handicapped children, adopted by all the school boards, has been imple-

mented. Personnel have been employed through local funds and a grant through Carroll County Mental Health. In Conway a program for moderately mentally retarded children has been started which, at this time, can meet the needs of other towns in addition to Conway. At the high school level, a learning disabilities program is in operation. Also, through the aforementioned funding and the reorganization of existing services, children throughout the Supervisory Union are able to receive the kinds of special education that they might need. This accomplishment is something that the communities can indeed be proud.

In our regular classroom programs, the results of the language arts, mathematics, music and report card committees are being implemented. The work of these committees is being doubly used. Besides the classroom it is also serving as a basis in the development of an accountability plan for the supervisory union.

A committee of parents, community members, teachers and school board members are developing an accountability plan to assure that all students will be able to meet certain levels of accomplishment in language arts, mathematics, U. S. and New Hampshire history and government as well as science and reasoning. We all await the results of this committee's important task.

In addition to the work of the curriculum committees, a new evaluation procedure has been developed and is currently being utilized. With the aid of new standards and the new evaluation format, school administrators will be in a better position to help classroom teachers effectively implement the new curricula. We feel that the new evaluation procedure and curricula will greatly contribute to our effort to work towards providing the children of Supervisory Union No. 9 with the most appropriate education possible.

As our third year of working in the communities of Supervisory Union No. 9 draws to a close, we would like to take this opportunity to thank you all for the co-operation and support we have received. We continue to pledge ourselves to do all we can to carry out the wishes of the community in providing its educational program to all children. Your continued interest and input is encouraged and necessary. For the total education of each child to be beneficial, it does require assistance and co-ordination among the home, community and school.

# REPORT OF SCHOOL DISTRICT TREASURER

Fiscal Year July 1, 1977 to June 30, 1978

Concord, N. H. 03301

August 3, 1978

SUPERVISORY UNION NO. 9  
LETTER OF TRANSMITTAL

Members of the Supervisory Union Board  
Supervisory Union No. 9  
North Conway, New Hampshire 03860

Gentlemen:

We have examined the books and records of Supervisory Union No. 9 for the fiscal year ended June 30, 1978.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

The Supervisory Union does not maintain a record of fixed assets. Accordingly, a report of this type fund was not included within the scope of this audit.

In our opinion, the accompanying balance sheets and statements of sources of revenue and expenditures present fairly the financial position of Supervisory Union No. 9 at June 30, 1978, and the results of its operations for the year then ended in conformity with generally accepted accounting principles applicable to governmental entities, applied on a consistent basis.

We extend our thanks to the officials and office staff of Supervisory Union No. 9 for their assistance during the course of the audit.

Very truly yours,  
Plodzik and Sanderson
